

## Driver Education Program

In cooperation with Clackamas Community College the City of West Linn Parks and Recreation Department is working out the details to continue offering a high quality and trusted Drivers Education program for high school students beginning in early 2012. The City is taking this action because the West Linn/Wilsonville School District is no longer offering the program

The transition from a West Linn/Wilsonville School District partnership with Willamette ESD to a City partnership with Clackamas Community College is currently in the process.

The City understands the need for this program in our community and is confident that the partnership with the ongoing Clackamas Community College driver education program is the best option for the students of our community.

We thank you for your patience and look forward to serving the needs of the community in this new area in the near future.

If you would like to inquire into the program or let us know you are interested feel free to contact Ken Warner, Recreation Director at 503-557-4700 or email that you are interested to [kwarn@westlinnoregon.gov](mailto:kwarn@westlinnoregon.gov)
